Telecon Report - IS-5 Infrared Production Contract

25X1A5a1

This date a telephone call was made to [REDACTED] ESS/APD. The following agreements were made: [REDACTED], makers of the Optical system for the IS-5, have requested from [REDACTED] an intolerable extension of the delivery date. [REDACTED] has in turn contracted with [REDACTED] to produce the optic

[REDACTED] first submitted to [REDACTED] a rather tight specification for the optic system. When this extension was asked for by [REDACTED] a modified specification was submitted to that company in order to improve on the delivery date of the optics. However, [REDACTED] stuck to their requested extension of the delivery date and hence, [REDACTED] went to the [REDACTED]
